DETAILED ACTION

Election/Restrictions

Acknowledgement is made of applicant's election of claims 1-4, 6 and 8-23 in the reply filed on April 8, 2005. The election of those claims was made without traverse. However, due to the establishment of allowability of the sole independent claim 1, the withdrawn claims 5 and 7 are hereby rejoined and also allowed.

Allowable Subject Matter

Claims 1-23 are allowed.

The following is an examiner's statement of reasons for allowance. The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding the method of forming a semi-insulating region in a semiconductor substrate, particularly characterized by forming first and second masks and implanting high energy beam particles using the first and second masks as particle hindering masks, and wherein the first mask is formed above the substrate and the second mask is formed on a surface of the substrate, as recited in independent claim 1. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." The following references
